CAREER OBJECTIVE

Aspiring Computer Science student seeking an opportunity to apply programming, web development, and networking skills while gaining practical experience and contributing to innovative projects in software development and cybersecurity.

SKILLS

Programming & Web Technologies	C, C++, Python, JavaScript, HTML, CSS, Bash Scripting
Databases	mongoDB, MySQL
Development Tools	Git, GitHub, Visual Studio Code, Vim
Operating Systems	Windows, Fedora, Ubuntu, Kali Linux
Networking & Cybersecurity Tools	Nmap, Wireshark, CCNA
Core Computer Science	OOPs, Data Structures, Algorithms, Computer Networking

PROJECT

Personal Portfolio Website

Tech: HTML, CSS, JavaScript

- Designed and developed an interactive personal portfolio website to showcase skills and projects.
- Implemented advanced UI features such as customizable cursor effects, glow trail animations, and binary rain background.
- Added user-controlled visual effects (enable/disable cursor animations) for improved user experience.
- Deployed the website using Netlify for live access.
